Kent and Jose,

I have addressed the reviewers' comments and have made the revisions using track changes; please see the three attached documents. Let me know if you have any questions.

Marsha

**Subject:** Request to address selected TCRS report peer review comments

Dear Marsha:

Thank you for your work on the TC study. **Ex. 5 Deliberative Process (DP)**

## Ex. 5 Deliberative Process (DP)

Please find attached three items as follows (**Please do not share the comments or draft report sections with anyone else**):

1. The compiled comments from seven peer reviewers, annotated with responder name **Ex. 5 Deliberative Process (DP)**

## Ex. 5 Deliberative Process (DP)

2. The versions of the TCRS report Sections 4.1 (methods) and 4.2 (results) as they were sent to the peer reviewers.

We have a very short timeline to update the report in advance of making it available for a public comment period. We ask you to send the following to Kent Thomas and Jose Zambrana by Wednesday July 11<sup>th</sup>:

1. Versions of Sections 4.1 and 4.2 with your recommended revisions in 'tracked changes'.

(Please note that if there are comments that would require substantial new/additional work, you should identify these as soon as possible for a management decision on whether and when to address the comments. We may continue to address certain types of responses during the public comment period.)

2. A version of the compiled peer review comments document with your written response to the comments you have been asked to address. Please be aware that our responses to peer review comments will be made publicly available at a later date.

I suggest that you let Kent or Jose know if you have any questions but feel free to reach out to me, if needed.

Thanks again for your help in responding to the peer review comments.

Best, Annette.
